## VICTORIA AND ANGELIA

Victoria was born in Birmingham and then moved to Pleasant Grove where she graduated from Pleasant Grove High School. Victoria is currently employed by the University Hospital as a patient care technician and is also enrolled in Junior Community College. In the future, Victoria plans to continue her education at UAB concentrating in nursing or social work. Victoria attends Faith Christian Center Church. She enjoys taking time to relax, watch movies, read interesting books, going to dinner with friends and spending time with her friends and family.

Angelia is 9 years old and in the 4<sup>th</sup> grade. Angelia loves to read and has been a top reader in her past grades.

“Having a new home and becoming a homeowner would be the foundation for my daughter and I to make memories that will last a lifetime,” says Victoria. “It has been totally amazing how God has provided for our family,” she adds. “But a home is truly a place of love, peace and happiness for a family to nurture one another.”
